

CINO-VERBO

Fica vindo na cabeça:

Cachorro

Cachorro

Ave

Cão

Pássaro

Cachorro

Por qual razão,
Âmbar? Explica-me.

Tu vens:
Te vejo já do outro lado
do lago
aspirando a umidade,
toda a umidade proveniente
das cascatas centenárias
do sentimento de Deus.

Tu vens:
Aspiras o aroma de minha pele
com o teu longo focinho branco
e eu aliso o veludo
das tuas esguias orelhas.

A espinha arqueada na carcaça magra.

Tu levantas, de súbito,
a apressar as patas por entre os arbustos, a cheirar.
Mijas o teu mijo canino, alegre assim.
E sentas outra vez, erecto:

Contar-lhe-ei:

Sua planagem de suprema precisão
por sobre cadeias montanhosas
cadeias vaporosas
e os dez mil membros estirados
dessa vegetação reticente
a saudar-lhes.

Seus gritos agudamente arcaicos
cheios de pedra e lava, em Si
revelam a sabedoria
plena
num plateau
de ventanias inteligíveis.

E tu! que abrigas no estômago
um aviário furioso
deverias olhar-lhes o voo:

Ó, elemento volúvel de si
de núcleo esquivo
porém alcançável.

O pássaro: a berrar os conhecimentos inauditos,
a honrar a natureza dos caminhos da Razão
Puríssima.

Seus percursos calculados
em divina erudição
nada corrupta, nunca pedante:
afiada como a nobre mente:
o Sem-Nome.

Ah, Âmbar!
Não me fale mais dos dias encantados.
Não te cansaste já dos ardentes caminhos?
